# GBA facility rental

PROFESSIONAL TRAINING EQUIPMENT IN A NEW, INDOOR FACILITY.

Our indoor batting cage and Pro Batter PX2 Baseball System is rented to individuals and teams in 1/2 hour increments. Rental Packages are also available allowing you to reserve a specific day and time each week.

The INDOOR BATTING CAGE (CAGE) offers the area and equipment (pitching machine, home plate, pitching mound and L-screen) in a controlled environment for pitching and hitting instruction.

The PROBATTER PX2 BASEBALL SYSTEM is a live, dynamic batting simulator that delivers most any pitch sequence imagined with pin-point accuracy. It is arguably the closest you can get to real-life hitting practice in an indoor environment.
